Reference: Council FILE 05-1853-S1 Repeal of the Exception LAMC Code 62.104 In connection With Point of Sale Plan for Sidewalk Repair-Point of Sale Proposal

SUBJECT: Opposition to the Repeal of the "Exception" within LAMC 62.104 that Established City Liability for Repair of Curbs, Driveways and Sidewalks, due to Tree Root Damage-Point of Sale Proposal

Community Impact Statement: Against Proposal: North Hills West Neighborhood Council

The repeal of the exemption to LAMC 62.104 will place a severe financial burden on the entire North Hills West stakeholder and resident population whether they be homeowners, renters, or businesses.

It is estimated that there are 10,750 miles of sidewalks in the City of Los Angeles and that 4,600 miles are in need of repair. According to the Bureau of Street Maintenance the anticipated cost of repairs is \$1.2 billion dollars.

There will also be a 40 % markup by the City of Los Angeles for administrative costs above the \$1.2 billion estimated cost for sidewalk repair.
